

## 3A – STANDARD ADMISSIONS REGULATIONS: TAUGHT PROGRAMMES

### 1 SCOPE AND PURPOSE

- 1.1 All applicants must have a set of skills required to fulfill the demands of the programme. These regulations outline the standard entry requirements for applicants to be admitted to Bournemouth University undergraduate and postgraduate taught programmes, including foundation degrees and graduate certificate/diploma programmes.
- 1.2 Some programmes may have additional entry requirements where qualifications alone do not demonstrate an individual's potential to succeed. Please see 3B - Admissions Policy: Taught Programmes (excluding apprenticeships) and 3B - Admissions Policy: Apprenticeships which can be found on our website at <https://www1.bournemouth.ac.uk/students/help-advice/important-information>.
- 1.3 There are also additional requirements for students applying for direct entry to a programme with existing credit or for applicants to apprenticeship programmes. Please see 3P Recognition of Prior Learning (RPL) Policy and Procedure.
- 1.4 These regulations will inform all admissions decisions including the setting of entry requirements for new programmes.
