AIMS OF THE DOCUMENT

The aims of this document are to:

- define the structure of the programme;
- specify the programme award titles;
- identify programme and level learning outcomes;
- articulate the regulations governing the awards defined within the document.

AIMS OF THE PROGRAMME

The MA Production Management programme aims to educate and develop knowledgeable and adaptable individuals who will have acquired the competencies, tools and techniques required to successfully manage significant film and/or television projects to industry standards, so that

In-demand sector of the entertainment industry.

ALIGNMENT WITH THE UNIVERSITY'S STRATEGIC PLAN

This programme is informed by and aligned with the BU 2025 strategic plan and fusion ethos to inspire learning, advance knowledge and enrich society through the fusion of education, research and practice. The BU 2025 values of excellence, inclusivity, creativity and responsibility are woven throughout the programme.

LEARNING HOURS AND ASSESSMENT

Bournemouth University taught programmes are composed of units of study, which are assigned a credit value indicating the amount of learning undertaken. The minimum credit value of a unit is normally 20 credits, above which credit values normally increase at 20-point intervals. 20 credits is the equivalent of 200 study hours required of the student, including lectures, seminars, assessment and independent study. 20 University credits are equivalent to 10 European Credit Transfer System (ECTS) credits.

The assessment workload for a unit should consider the total time devoted to study, including the assessment workload (i.e. formative and summative assessment) and the taught elements and independent study workload (i.e. lectures, seminars, preparatory work, practical activities, reading, critical reflection).

Assessment per 20 credit unit should normally consist of 3,000 words or equivalent. Dissertations and Level 6 and 7 Final Projects are distinct from other assessment types. The word count for these assignments is 5,000 words per 20 credits, recognising that undertaking an in-depth piece of original research as the capstone to a degree is pedagogically sound.

STAFF DELIVERING THE PROGRAMME

Students will usually be taught by a combination of senior academic staff with others who have relevant expertise including – where appropriate according to the content of the unit – academic staff, qualified professional practitioners, demonstrators/technicians and research students.

ADMISSION REGULATIONS

Please refer to the course website for further information regarding admission regulations for this programme: [MA Production Management | Bournemouth University](#)

The University Standard Admission Regulations are available online at <https://intranetsp.bournemouth.ac.uk/Documents/arpp31.aspx>

PROGRESSION ROUTES

Recognition arrangements provide formally approved entry routes through which students are eligible to apply for a place on a programme leading to a BU award. Recognition does not guarantee entry onto the BU receiving programme only eligibility to apply. In some cases, additional entry criteria such as a Merit classification from the feeder programme may also apply. Please see the Recognition Register (https://intranetsp.bournemouth.ac.uk/pandptest/7J_Recognition_Register_Public.xlsx) for a full list of approved Recognition arrangements and agreed entry criteria.

In order to take advantage of exciting new approaches to learning and teaching, as well as developments in industry, the current, approved recognition route(s) for this programme may be subject to change. Where this happens students will be informed and supported by the Faculty as early as possible.

ASSESSMENT REGULATIONS

The regulations for this programme follow the University's standard assessment regulations.
