AIMS OF THE DOCUMENT

The aims of this document are to:

- define the structure of the programme;
- specify the programme award titles;
- identify programme and level learning outcomes;
- articulate the regulations governing the awards defined within the document.

AIMS OF THE PROGRAMME

The MA Scriptwriting programme aims to produce intellectually curious graduates, who will deploy their creative and critical autonomy to forge their own practice and investigations with a deep understanding of creative media cultures. The ethos throughout is on rigorous contextual and conceptual interrogation of processes and practices within the creative media industries entwined with innovative, hands-on engagement with their workings through the development of individual and collaborative creative projects.

Students will integrate both scholarly research skills and critical practice across every unit of the programme, in the process being given the opportunity to investigate, interpret and interrogate the concepts of narrative theories, industrial contexts and contemporary or historical practices.

ALIGNMENT WITH THE UNIVERSITY'S STRATEGIC PLAN

This programme is informed by and aligned with the BU 2025 strategic plan and fusion ethos to inspire learning, advance knowledge and enrich society through the fusion of education, research and practice. The BU 2025 values of excellence, inclusivity, creativity and responsibility are woven throughout the programme.

LEARNING HOURS AND ASSESSMENT

Bournemouth University taught programmes are composed of units of study, which are assigned a credit value indicating the amount of learning undertaken. The minimum credit value of a unit is normally 20 credits, above which credit values normally increase at 20-point intervals. 20 credits is the equivalent of 200 study hours required of the student, including lectures, seminars, assessment and independent study. 20 University credits are equivalent to 10 European Credit Transfer System (ECTS) credits.

The assessment workload for a unit should consider the total time devoted to study, including the assessment workload (i.e. formative and summative assessment) and the taught elements and independent study workload (i.e. lectures, seminars, preparatory work, practical activities, reading, critical reflection and *practice*).

Assessment per 20 credit unit should normally consist of 3,000 words or equivalent. Dissertations and Level 6 and 7 Final Projects are distinct from other assessment types. The word count for these assignments is 5,000 words per 20 credits, recognising that undertaking an in-depth piece of original research as the capstone to a degree is pedagogically sound.

STAFF DELIVERING THE PROGRAMME

Students will usually be taught by a combination of senior academic staff with others who have relevant expertise including – where appropriate according to the content of the unit – academic staff, qualified professional practitioners, demonstrators/technicians and research students.

ADMISSION REGULATIONS

Please refer to the course website for further information regarding admission regulations for this programme: [MA Scriptwriting | Bournemouth University](#)

PROGRESSION ROUTES

Articulation

Students who have successfully completed BUIC / Kaplan's Foundation or Pre-Masters courses can be admitted to the Postgraduate Media Production Framework Programmes without further scrutiny.

Bournemouth University International College Articulation

Applicants from Bournemouth University International College programmes which have approved articulation routes must meet the minimum entry requirements in terms of course average and English requirements as stipulated by the Faculty of Media and Communication at Bournemouth University.

In order to take advantage of exciting new approaches to learning and teaching, as well as developments in industry, the current, approved Articulation route for this programme may be subject to change. Where this happens, students will be informed and supported by the Faculty as early as possible.

ASSESSMENT REGULATIONS

The regulations for this programme are the University's standard Postgraduate assessment regulations.
