Entrepreneurship, Innovation and Design	Option	20		100		40	1.0	101040	100		

Progression requirements: A minimum of 80 credits is necessary to progress to the Research Project. Students will normally have completed 180 credits before proceeding to the placement but this requirement may be relaxed in the case of a student who needs to resit assessment(s). In such cases, decisions will be made on an individual basis and in the best interests of the student

Exit qualification:

PGCert Sustainable Economic Development and Emerging Markets requires 60 Credits (30 ECTS) PGDip Sustainable Economic Development and Emerging Markets requires 120 Credits (60 ECTS)

Placement

The 30 week placement is optional for students. The placement is not credit-bearing and is assessed on a pass/fail basis (ie satisfactory completion of 30 weeks). The placement will appear on a student's degree transcript. Students are required to find their own placements. Students must comply with any visa requirements.

Placement	Option	0	Pass/ Fail	5	3.0		
Dissertation (PG Accounting, Finance and Economics)	Core	60	100	20	1.0	101040	100

Exit qualification:

MSc Sustainable Economic Development and Emerging Markets requires 180 Credits (90 ECTS)

AIMS OF THE DOCUMENT

The aims of this document are to:

- define the structure of the programme;
- specify the programme award titles;
- identify programme and level learning outcomes;
- articulate the regulations governing the awards defined within the document.

AIMS OF THE PROGRAMME

This programme aims to develop critically informed, agile and resourceful graduates, who:

- have the versatility and professional qualities necessary to work in economic development context;
- are critically aware of the wider impact of economic development on organisational stakeholders and the wider economy;
- have highly-developed interpersonal and analytical skills;
- are able to manage their own personal development and lifelong learning.

ALIGNMENT WITH THE UNIVERSITY'S STRATEGIC PLAN

The proposed framework will create a stimulating, challenging and rewarding university experience through a clear focus on Bournemouth University's strategic plan (BU2025) and the university's unique fusion of excellent research, education and professional practice. This approach will inform our teaching practices, which will focus on professional and research informed content. The BU Business School is dedicated to being an internationally recognised thought-leader and has a team of talented staff with excellent reputations in terms of outstanding or emerging research and professional practice. Moreover, our staff will utilise their talents to create an exceptional student learning experience through the use of inspirational and technology enhanced teaching methods. Students will be provided with an opportunity to learn from this integration of professional practice and cutting-edge research through the use of work-related learning materials and real-world and problem solving assessment.

LEARNING HOURS AND ASSESSMENT

Bournemouth University taught programmes are composed of units of study, which are assigned a credit value indicating the amount of learning undertaken. The minimum credit value of a unit is normally 20 credits, above which credit values normally increase at 20-point intervals. 20 credits is the equivalent of 200 study hours required of the student, including lectures, seminars, assessment and independent study. 20 University credits are equivalent to 10 European Credit Transfer System (ECTS) credits.

The assessment workload for a unit should consider the total time devoted to study, including the assessment workload (i.e. formative and summative assessment) and the taught elements and independent study workload (i.e. lectures, seminars, preparatory work, practical activities, reading, critical reflection).

Assessment per 20 credit unit should normally consist of 3,000 words or equivalent. Dissertations and Level 6 and 7 Final Projects are distinct from other assessment types. The word count for these assignments is 5,000 words per 20 credits, recognising that undertaking an in-depth piece of original research as the capstone to a degree is pedagogically sound.

STAFF DELIVERING THE PROGRAMME

Students will usually be taught by a combination of senior academic staff with others who have relevant expertise including – where appropriate according to the content of the unit – academic staff, qualified professional practitioners, demonstrators/technicians and research students.

INTENDED LEARNING OUTCOMES – AND HOW THE PROGRAMME ENABLES STUDENTS TO ACHIEVE AND DEMONSTRATE THE INTENDED LEARNING OUTCOMES

PROGRAMME AND LEVEL 7 INTENDED PROGRAMME OUTCOMES

	Subject knowledge and understanding	The following learning and teaching and assessment strategies and methods enable students to achieve and to demonstrate the programme learning

ADMISSION REGULATIONS

The regulations for this programme are the University Standard Admissions Regulations for taught postgraduate programmes with the addition that:

Applicants from Bournemouth University International College programmes which have approved articulation routes must meet the minimum entry requirements in terms of course average and English requirements as stipulated by the BU Business School.

Applicants who have successfully completed the INTO Graduate Diploma in Business Administration must have achieved a course average of 50% or above and a minimum English requirement of 60% with a minimum of 55% in each component.

Applicants who have successfully achieved 4 out of 5 GPA from Bachelor degree studies in Financial University Russia (or equivalent) and who are enrolled on one of the BU approved Financial University feeder Masters programmes are eligible to apply for all courses. Applicants must also meet BU's standard admission regulations with regards English qualifications.

The University's Standard Admission Regulations: Taught Postgraduate Programmes are available on the Staff Intranet at the following link:

https://intranetsp.bournemouth.ac.uk/pandptest/3a-postgraduate-admissions-regulations-2014.doc

PROGRESSION ROUTES

Recognition arrangements provide formally approved entry or progression routes through which students are eligible to apply for a place on a programme leading to a BU award. Recognition does not guarantee entry onto the BU receiving programme only eligibility to apply. In some cases, additional entry criteria such as a Merit classification from the feeder programme may also apply. Please see the Recognition Register

(<u>https://intranetsp.bournemouth.ac.uk/pandptest/7J_Recognition_Register_Public.xlsx</u>) for a full list of approved Recognition arrangements and agreed entry criteria.

ASSESSMENT REGULATIONS

The regulations for this programme are the University's Standard Postgraduate Assessment Regulations. The University's Standard Assessment Regulations are available using the following link:

<u>https://intranetsp.bournemouth.ac.uk/pandptest/6a-standard-assessment-regulations-postgraduate.pdf</u>

PLACEMENT ELEMENT

Those students who undertake the programme on a fulltime (sandwich) and successfully complete a minimum 30 week placement will be eligible for the award of full-time sandwich degree. The placement takes the form of a non-credit bearing unit which is undertaken following the Research Project.
